VOL. XXVII.

FRANKFORT, KENTUCKY, SATURDAY JUNE 4, 1904.

NO. 39

WHEREABOUTS DISCOVERED.

A young man by the name of Albert Pomeroy, who was collection clerk for the National Branch Bank, of this city, and the carrier of the Roundabout, for the South Side route, disappeared from home about a month ago, leaving no trace behind. This week it was discovered that he was in Louisville and was employed in a restaurant in that city. His family have been very much distressed at his disappearance.

POST OF SPANISH WAR VETERANS ORGANIZING.

The soldiers of the Spanish-American War in this city are organizing a Post of War Veterans. They already have quite a nice list of names of those who participated in that war who will form a part of the proposed Post. Let every soldier deem it a matter of pride and duty to join this organization.

SHUT DOWN.

The Old Crow Distillery, of W. A. Gaines & Co., and the O. F. C. Distillery, of the Geo. T. Stagg Co., have shut down for the season. This leaves only two distilleries yet in operation—the Old Taylor and the Geo. Baker.

DAMAGED BY ELECTRICAL STORM.

The electrical storm of Sunday night last did a very considerable amount of damage to the telephone wires and boxes in this city. One company had 110 telephones thrown out of business, besides other damage. The other had some 40 instruments rendered useless, besides a large number of wires damaged.

THANKS.

We have been placed under obligations to our old colored friend, Levi Berry, for a box of splendid home-raised strawberries. They were delicious. Uncle Levi has the nicest and freshest vegetables to be had this season, and he is selling them every day in the market. If you want nice and fresh vegetables give him notice and he will supply you.

POSTPONED TO JUNE 10TH.

At their meeting, on Monday, the Capital Commission postponed the selection of an architect and the adoption of plans for the new building until Friday, June 10th.

FREE TRIAL TREATMENT

showing the perfect support our remedy gives will be sent on request. Confidential correspondence especially with physicians, solicited. Write today for our free book which gives our references, terms, etc.

MANHATTEN THERAPEUTIC ASSN., 107 N. B., 115 Broadway New York City.

ARRESTED BY U. S. MARSHAL.

Deputy U. S. Marshal Rousseau True arrested Miss Myrtle Lee, of Lexington, on Friday, and brought her to the jail in this city, charged with improper use of the U. S. mail.

It is charged that Miss Lee attempted, by letter, to entice a young girl, living in London, away from her home.

Postal Inspector G. B. Speer worked up the case and swore out the warrant.

LATER—Miss Lee was held in \$300 bond to the U. S. grand jury.

Can't be perfect health, without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

BADLY HURT.

By the giving away of a railing upon the back porch of her residence, on Friday afternoon, Mrs. M. J. Meagher was precipitated to the ground, a distance of some fifteen feet, alighting on her right shoulder and head. The right shoulder blade was broken in three places, the collar bone was broken, and a gash cut in the right side of her head. She was otherwise badly shaken up.

Surgical attention was at once rendered.

The only wonder is that Mrs. Meagher was not instantly killed.

FAMILY REUNION.

Miss Lucy Pattie, our efficient County School Superintendent, and her sister, Miss Lou, had a family reunion at the old homestead near the Stewart Home, this week. In addition to the home folks there were present Mr. S. J. Zeigler and wife (nee Mary Brown Pattie), and Mr. Coleman D. Pattie, Jr., of St. Louis, Mo.; Mrs. S. J. Glanton and son, Paul, of Burnside, and our own Mr. Wm. Pattie, the delightful tenor singer.

These good people had a delightful old time gathering.

GREAT TIME.

All of those who went from here to Frankfort to attend the recent meeting of the Knights Templar are outspoken in their praises of the entertainment afforded them by the good people of that city. A common expression among the fortunate ones is that no State Commandery was ever better entertained and that no other city of the State can ever hope to out-do the Capital City in this regard.—Anderson News.

REVENUE TAXES.

Deputy Collector Grant L. Roberts has collected internal revenue taxes for the month of May as follows: 2,312 barrels; \$9,470 61-10 tax gallons; amount of tax \$98,417.05.

STOMACH COMPLAINT

Is not always brought about by change of air and water. The "stay-at-homes" are just as susceptible to diarrhoea, due, generally, to overeating, as unripe fruits, etc.; and, drinking ice water; all accompanied by painful bowel discharges, and, if not checked, results seriously. Perry Davis' Pinkettes is the only purely reliable remedy. 25 and 50c.

GAME WARDENS—LAW NOW IN FORCE.

County Judge Jas. H. Polsgrove has appointed the following gentlemen as Fish and Game Wardens for the county:

Chas. E. Noonan, City.
W. Linton Tanner, City.
F. Morgan Bawner, City.

Weldon South, Forks of Elkhorn.

Alex Thomas, Switzer.

Mike Hogan, Buckers.

Frank Bacon, Peck's Mill.

The new law providing severe penalties for dynamiting, seining or trapping fish went into effect on Wednesday last, June 1st.

The Kind You Have Always Bought Bears the Signature of

KENTUCKY SOCIETY.

Sons of the American Revolution.

Louisville, Ky., May 27, 1904.

Dear Sir and Comrades:—It is the earnest desire of the Officers and Members of this Society to enlarge its membership until it shall include every worthy man in the State who may be eligible thereto.

We therefore bespeak your kind offices to aid us in this matter, for we have no doubt but that you know a number of gentlemen who are eligible to our membership, and whom you would be glad to recommend. Kentucky was originally settled almost entirely by men who fought in the Revolution, and whose descendants now ring in the State to-day number thousands. To these men in no small measure is due the high standard of manhood that has characterized the citizens of this State, and made her one of the foremost of the sisterhood of States.

To keep alive the memories of these men, and the principles for which they fought and dedicated their lives, the Sons of the American Revolution was organized and has always labored. And in many of the States, the society has been able to contribute in no small measure to a healthy growth of public patriotism and higher citizenship.

By marking the scenes of Revolutionary events, by placing the official marker over the graves of Revolutionary heroes; by the publication of valuable historical papers and data and by offering prizes to the youth of the country for historical papers, thus encouraging the study of the history of the nation, the society has accomplished much. But in Kentucky, which has perhaps the largest per cent. of population of Revolutionary descent of any State in the country, the interest seems but small, for we have less than one hundred members, while some of the State Societies have over fifteen hundred members. Although this is true, this society has done some good work considering the limited means at our disposal; still there is much that the society might do, if we had a larger membership, and a greater interest. There are many places of historic note in the State that should be marked with a suitable memorial. Throughout the State, in public and private graveyards, are the unmarked and resting places of Revolutionary heroes, famous men, and others less noted, but not less worthy, who gave time, fortune, strength and health to aid in establishing this nation. These graves are today unmarked, and many of them will never be decorated, but to mark with the official marker such as can be located is one of the desires of this society. And last but by no means least, this society wishes to encourage the study of the history of the country, especially that of the Colonial and Revolutionary periods, with the causes that led our forefathers to separate from the mother country, and to this end it has offered prizes to the youth of the State for the best essays on historic subjects, and only a lack of funds has prevented a more generous distribution of such prizes. With an increased membership we can do many of the things here outlined, and our willingness is only limited by our ability, and to this end we ask your co-operation to increase our membership.

If you will take a few moments of your valuable time to see such gentlemen as you would recommend for membership (or write to them) and hand them a copy of the Constitution, which we are sending you, we have no doubt but that you could secure a number of desirable new members for the Society. And we assure you that as far as the means of the Society will permit, we will do our part towards the objects we have indicated.

It will be highly gratifying to all officers and members to have those gentlemen, who have dropped out of the Society, return to it and join with us in trying to fulfill the purposes for which the Society was organized, as we have outlined it. The Secretary or Registrar will be glad to afford any information that they can to any gentleman desiring to join the Society.

Very respectfully,
THOS. PAGE GRANT, M. D.,
PHILIP TRAPP ALLIN,
REN. LABREE,
Committee.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, rich in color and successful in all your pursuits. You can put your liver in fine condition by using Green's August Flower—the great-est of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 5c. Regular bottles, 25c. At all druggists.

A little life may be sacrificed to a sudden attack of cramp. If you don't have Dr. Thomas' Electric Oil on hand for the emergency.

To Morphine From Doctor's Orders.

Habit Worse Than the Disease.

Dr. Miles' Nerve Cured Me.

When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nerve Restoring to its health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nerve has done for me that I must tell it for that part of humanity that suffers I have. During the three years I suffered from nervous prostration I found no relief except when doctors gave morphine. To get rid of suffering I took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it was the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its significance until I had used it for a number of months. Oh, the misery of being addicted to such a habit! I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nerve advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much persuasion may doubt it, God is my witness I am cured. This testimonial is unsolicited but I feel my duty to give it for the benefit of the suffering."—MATTIE PHILLIPS, Prescott, Ark.

STAMPING GROUND.

Dr. P. H. Crutchehead, of Henry county, has purchased one-half interest in the drug store of Mr. O. N. Jameson, and has located in our town for the practice of medicine. He is said to be a fine physician.

On Sunday afternoon a very heavy wind, rain and thunderstorm visited this section about 4:30 p. m. The lightning was very vivid and sharp. The barn of Mrs. Frances Bond, in the edge of town, was struck by the electric current and destroyed. There was a horse in the barn at the time, but when the bolt struck the barn, the door was burst open and the animal escaped. A lot of feed was burned, together with the barn. The loss was some \$500, with \$250 insurance. In the debris a pocket knife was found with the inscription "you can't lose me," on the blade.

The recent rains have greatly benefitted the wheat, oats and grass.

A season for setting out tobacco plants has also been provided. Our farmers are exceedingly busy now, but are wearing the glad smile which usually accompanies favorable seasons.

Another fine rain visited this section on Tuesday afternoon.

Notwithstanding the gloomy predictions to the contrary, there will be an abundant crop of small fruits as well as peaches, apples, plums, etc.

Deputy County Clerk, W. H. Gatewood has been compelled to remain at home this week on account of a rising in his ear.

SAD NEWS.

The many friends in this city of genial and lovable Gen. Samuel E. Hill, of Lexington, will be saddened to hear that Gen. Hill is slowly dying of a disease known to the medical fraternity as "leukemia," (or in every day English) blood turning to water-drops.

Gen. Hill was a brave soldier, an able lawyer and a genial gentleman, who will be sadly missed in Kentucky.

LATER-Gen. Hill died at his home in Lexington, on Tuesday afternoon. He was Adjutant General for four years under Governor S. E. Buckner and had served many years in the State Senate from the Ohio county district.

MARRIED.

HUTCHERSON-COLE - At the County Clerk's Office, on Thursday afternoon, Mr. Whalen Hutcherson and Miss Inez Cole were married by Rev. M. B. Adams, of the First Baptist Church.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much undervalued. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

STRAWBERRY SUPPER.

The Ladies Aid Society of the First Baptist Church will give a strawberry supper, in the New Chapel, of that church, on Tuesday evening, June 14.

Everybody invited to attend. You get your money's worth from these ladies every time. Don't forget the date, 14th.

VERY PERTINENT QUESTION.

We have been asked repeatedly lately when the electric line will be extended to the L. & N. yards, West Side, to the distilleries, and to Versailles?

We have been patiently waiting for the weather to get in shape for work, as the announcement was made that work "would begin as soon as the weather permitted."

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can put off to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day and let that remedy be Dr. H. H. Plummer's German Syrup, which has been in use for thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure-as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. 1 yr.

TO PAY INTEREST.

By a decision of the Court of Appeals, handed down on Tuesday, the distillers of the State are required to pay interest on the amount of the State, county and municipal taxes on whisky held in bond by them.

This is a very important and far reaching decision and will cause a considerable sum of money to be paid into the Treasury of the State as well as to the counties and municipalities.

A GOOD CIRCUS COMING.

The advent of the Sells & Downs' greatest shows, on June 15, will, it is said, mark an epoch in the matter of tented amusements in Frankfort. That this show will present the largest and finest street pageant Frankfort has yet witnessed, is asserted without any doubt. That the circus company numbers more circus performers and of a better order of merit than have heretofore been gathered together under any one management, is also stated positively. Thousands of dollars in cash were expended last winter in accumulating new features to add to the glories of the Sells & Downs Greatest Shows.

The menagerie is said to be a very complete one, containing the finest collection of rare wild beasts to be seen. The newspapers all along the line speak highly of this huge entertainment, and the "small boy," as well as those elder folk who are ever bright and youthful in spirits, will be delighted again with the feats of the many male and female performers, the handsome horses, the wonderful exhibition of wild beasts, the marvelous aerial acts, and the exciting races on the hippodrome track. Exchanges are all unanimous in praising the courtesy of Sells & Downs' employees while handling the immense crowds and finding seats for late comers.

The reputation of Sells & Downs for faithfully carrying out all their advance promises and for dealing fairly with the public in all things, affords positive assurance that their show will eclipse anything of a like nature seen here before.

The Pontiac Zouaves, the finest drilled soldiers in the world, and the Marlene Trained Seals and Sea Lions are features of this great show, and they alone are worth the price of admission.

WORSE EVERY YEAR.

Plenty of Frankfort Readers Have the Same Experience.

Don't neglect an aching back! It will get worse every year. Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't, other kidney ills follow—

Urinary troubles, diabetes, Bright's disease.

A Frankfort citizen tells you how—the cure is easy.

Mrs. Mildred S. Betts, wife of C. M. Betts, carpenter, of 519 Short street, says: "My kidneys troubled me for some years off and on. I tried different remedies but without obtaining any permanent relief. The pain in my back was often very severe, especially at night before retiring and in the morning when I would first get up. There was also a kidney weakness, distressing at all times. I read about Doan's Kidney Pills, and noticed that the symptoms they cured were just like mine. Willing to try almost anything to get relief, I went to J. W. Gayle's drug store, and got a box. I took them as directed and soon noticed the difference in my condition. The sharp pains and the aching disappeared, and the other complaints were banished. Doan's Kidney Pills act like magic, and the relief they give is lasting."

For sale by all dealers. Price 50 cents. Foster-McBum Co., Buffalo, New York, sole agents for the United States.
